On Saturday, 04-25-92, I, Detective Gregory SCHULER, received follow up regarding the above listed case. The follow up consisted of interviewing a gentleman by the name of Chom Son CHO, who is the instructor at the Taikwondo School located at 4222 N. 76th Street, regarding possible information he may have regarding the victim's husband being a student at his school.

At 12:10pm I did, in fact, meet with Mr. CHO, A/M, DOB 02-25-37, of 4222 N. 76th, at his school. Mr. CHO was extremely uncooperative. He stated that he did not know Jesse ANDERSON and stated that Jesse ANDERSON was not a student at his school. Initially Mr. CHO even refused to give me his date of birth or address. I informed Mr. CHO that I was investigating a homicide and he eventually agreed to look through his records regarding past or previous students in an effort to determine if Jesse ANDERSON was or had been a student at his Taikwondo school. Mr. CHO stated that he has a full schedule for this morning and afternoon with numerous classes which he would have to instruct and I informed him that when he has a chance to check his records he should do so and contact me. My name and number was left with Mr. CHO and I instructed him to contact me as soon as he has that information available to us.

The interview with Mr. CHO was then terminated.

On Sunday, April 26, 1992, at 02:45 P.M, I reinterviewed Brenda NEWMAN, 9001 N. 75th St. #602. She was interviewed in her apartment. Upon entering the apartment, Brenda NEWMAN stated that she was very concerned with the way things were going on. She had seen a television report indicating that the husband was being charged. She felt that this was very unfair. She stated that lots of things are happening around Northridge. Nobody seemes to do anything. She related an incident in which a lady living downstairs in her building told her of a stabbing that occurred at Northridge around Christmas time. She stated that she herself was in the Northridge Mall and two (2) black males attacked her in the mall approximately three (3) weeks ago. When she called the mall and talked to the security section, she told them that they better provide better protection for the old people in the mall. The security guard that she talked to apologized to her and indicated that they had made a mistake in scheduling and they had no security on at that time that she was attacked. She further related that, "Everyone knows of the gangs at Northridge."

She stated that she has lived in her apartment unit for five (5) years. She is afraid to leave her apartment with everything that is going on. When she goes some place, she has a friend pick her up and she waits in the locked lobby til she sees her friend's car in the lot. She won't even go to Northridge during the day.

She then related her knowledge of this incident. She stated that she was sitting in her living room watching television and that her living room windows were closed. While watching the Charles Manson Trial on channel 53, she heard some screams. She got up from the living room sofa, muted the television and went to the window. Once she was at the window, she prayed, "God, direct me to the sound." She immediately saw the woman being attacked and saw that she was being chased by two (2) black males. She stated that she observed the white van parked on the lot and when she looked at the van, she saw a lady running around the northside of the van. She could see this because there were no cars in the parking space next to the van. This lady ran around the front of the van and was being chased. She stated that while this occurring, cars were pulling out of the lot.

She described the black males as wearing solid black and asked if I had seen the uniform that Michael McGhee's people wear. She stated that their clothing looked like that uniform. She then left the living room area, walked through the kitchen area and into the bedroom area where she tried to wake up her boyfriend. She stated that he was sound asleep and he was very hard to wake up. It took several minutes to wake him. She stated that she tried to tell him that a woman was being attacked. After the several minutes, she went back into the living room, looked out the same living room window and at that time observed what she believed to be a black male running from the front of the van to a "Ghetto Cruiser", parked on an angle at the southeast corner of the parking lot. This car had another person inside the automobile. The car then drove out of the lot. She stated that she observed a second black male also run from the front of the van towards the direction of the "Ghetto Cruiser", and before reaching the car he ran westbound into the Best Buy parking lot. She stated that he then got into an automobile that was parked on that lot. Both of these subjects ran from the front of the van and ran southbound through the parking lot in the eastbound traffic lane to the southeast corner of the lot. A few minutes LATER, the fire trucks was the first vehicle to arrive at the parking lot.

During the statement, Brenda NEWMAN showed me the window in which she made her observations. I observed that this window is located a distance of approximately three (3) normal city blocks from the southeast corner of the TGIF parking lot. During questioning, she stated that she could not describe the lady that was being chased. She did not know what color hair she had nor did she know what type of clothing this woman was wearing. I advised her that it was important that she only state items that she was certain of.

Brenda NEWMAN stated that she was watching television and heard the screaming at 10:15 PM. She stated that she had a clock next to the television and observed the time when she got to look out the window. She heard a woman's voice screaming, "help me, help me!" This screamings were followed by two other SHRILL woman's screams. The screaming lasted a period of approximately five (5) to ten (10) seconds. She stated that when she looked out the window, she believed that the woman was being chased by a black person but can-

not absolutely be certain. She stated that she knows that the person was wearing dark clothing. She stated that she doesn't know who was chasing the woman and it "May have been her husband."

Brenda NEWMAN further stated that as the woman was being attacked, there were numerous people that were leaving the restaurant. They came out of the restaurant went to their car, looked at what was happening and left. She stated that she was upset that people didn't care more.

I also interview James Richard KURTZ, W/M, 02-16-48, W220N1560 Jericho Court, Waukesha, WI, (542-2857). He stated that he was staying in the apartment of his girlfriend Brenda NEWMAN on the night this occurred. He stated that he had gone to bed approximately two (2) hours earlier because he got up early in the morning. He stated that Brenda came in and tried to wake him, telling him that a woman was being attacked. He stated because he was sound asleep, he was difficult to wake. He stated that it took several minutes for him to get up out of bed and to go into the living room where he looked out the window. By the time he looked out, fire engines were arriving.

On Thursday, ~~July~~ APRIL 23, 1991 at 1150hrs I was dispatched by Det. Capt. ZELLMER to meet Detectives MORROW and SLIWINSKI at 8901 No. 76th St. Upon arrival I was instructed to recover areas of suspected blood from the surface of the black top parking lot. I began by taking general area photographs of the parking lot. Squad 297, Police Officer Thomas HACKER also responded and recorded the scene with a V.C.R. cam-corder. We then searched the area for any suspected blood recovery areas. Using yellow chalk I marked each suspected blood recovery area. Each circled area was numbered one thru thirty-eight. Three areas were marked for control samples, and labeled C-#1, C-#2, C-#3.

Additional photographs were taken of the marked and numbered blood recovery areas. Sterile gauze strippes were cut and placed in the center of the marked circles over the suspected blood. Because of the rain, the gauze strippes were not pre-moistened before placing them on the suspected blood. Pieces of paper were used to place the specimens on for conveying and drying. The paper was numbered and the corresponding suspected blood specimens were placed on each numbered paper. A single diagram (not to scale) with measurements recorded from each specimen is attached to this report.

Specimens were conveyed by myself to the Identification Division and locked in our evidence cabinet for drying.

On Friday, April 24, 1992 at 1500hrs I removed the now dried specimens and placed them in there own corresponding envelopes. I then sealed the envelopes with evidence tape and placed the date (04-24-92) and my initials on each envelope. I conveyed the sealed specimens to the Property Control Section and placed them on inv. # 1372376.

UPON OBSERVING THESE LEGS SHE NOTED THAT IT WAS A PAIR OF WOMAN'S LEG AND THE WOMAN HAD ONE SHOE ON AND THE OTHER SHOE WAS OFF. SHE INDICATED THAT THE SHOE THAT WAS ON WAS RED IN COLOR. SHE STATED THAT SHE ALSO OBSERVED A PAIR OF MAN'S LEGS, WHICH SHE LATER FOUND OUT WERE MR. TORCIVIA'S LEGS, EXTENDING FROM A MORE EASTERN DIRECTION THAN THE FIRST PAIR OF LEGS AND IT APPEARED AS IF HE WAS ATTEMPTING TO ATTEND TO THE WOMAN. SHE OBSERVED THAT TO THE NORTHWEST OF THE LEFT REAR CORNER OF THE VAN WAS A RED SHOE WHICH MATCHED THE RED SHOE THAT WAS ON THE PAIR OF WOMAN'S LEGS. SHE ALSO OBSERVED THAT ALMOST IMMEDIATELY UNDER THE BUMPER AND SLIGHTLY TOWARD THE FRONT OF THE VAN WAS A PURSE AND BEHIND THE RIGHT, REAR WHEEL WAS AN OPENED PACKAGE OF FOOD. AT ABOUT THIS TIME SHE WAS TOLD BY SOMEONE WHO WAS TENDING TO THE PEOPLE THAT SHE SHOULDN'T GET ANY CLOSER BECAUSE IT WAS AN UGLY SIGHT. SHE THEN PROCEEDED AROUND THE BACK OF THE VEHICLE THAT WAS PARKED BEHIND MR. FRANK'S VAN AND OBSERVED FROM THE RIGHT SIDE OF THIS VEHICLE THE FOOD PREVIOUSLY MENTIONED AND A BASEBALL CAP WITH WRITING ON IT, HOWEVER, AT THIS TIME SHE CANNOT REMEMBER WHAT THE WRITING WAS, BUT STATED THE BILL WAS FACING IN HER DIRECTION. THIS BASEBALL CAP WAS SLIGHTLY TO THE SOUTH-WEST OF THE RIGHT, REAR WHEEL. SHE THEN OBSERVED A MALE LYING FACE DOWN ON THE RIGHT SIDE OF THE VEHICLE. THE HEAD OF THIS BODY WAS IN A NORTHWESTLY DIRECTION AND THE LEGS WERE IN A SOUTHEASTERLY DIRECTION. SHE STATED SHE COULD SEE BOTH LEGS AS WELL AS THE LEFT ARM AND THE LEFT ARM APPEARED TO BE UNDER THE BODY. SHE STATED THAT SHE COULD NOT SEE THE RIGHT ARM AS THAT PORTION OF THE BODY WAS UNDERNEATH THE VEHICLE.

SHE STATED THAT WHILE MAKING THESE OBSERVATIONS SHE OBSERVED THE ARM AND HAND THAT WERE UNDERNEATH THE VEHICLE, THIS SAME MALE PRODUCED A KNIFE AND SAID WORDS TO THE EFFECT OF, "HERE, I GOT THIS FROM THEM," OR "I GOT THIS FROM HIM." SHE STATED AT THIS POINT SHE OBSERVED THAT HE HAD PUSHED OR DROPPED A KNIFE TOWARD THE TOP OF HIS HEAD AND THERE WAS SOME SORT OF A WHITE OBJECT NEARBY. SHE STATED THERE WERE A COUPLE OF PEOPLE STANDING AROUND THIS PERSON, APPEARING AS IF THEY WERE ATTENDING TO HIM AND AT THIS POINT SOMEONE SHOUTED OUT THAT HE HAD A KNIFE. SHE STATED THAT THERE BECAME A LOUD CONFUSION AT THAT POINT AND SOMEONE SHOUTED OUT THAT HE WAS A VICTIM. SHE INDICATED THAT SHE BELIEVED IT WAS A POLICE OFFICER WHO THEN KICKED THE KNIFE SLIGHTLY FARTHER AWAY FROM THE PERSON WHO WAS LYING UNDER THE VAN. SHE STATED THAT IT APPEARED THAT SOMEONE HAD EITHER COVERED IT UP WITH THE SAME WHITE CLOTH OR PUT ANOTHER WHITE CLOTH OVER IT AFTER SOMEBODY IN THE CROWD SAID, "DON'T TOUCH THE KNIFE."

SHE STATED THAT AT THE ONSET THE FEMALE WHO SHE OBSERVED LYING ON THE LEFT SIDE OF THE VEHICLE WAS LYING FACE DOWN.

SHE STATED THAT SHE COULD OFFER NO FURTHER INFORMATION REGARDING THIS OFFENSE. SHE STATED THAT WHEN SHE EXITED THE RESTAURANT SHE DID NOT SEE ANYONE ELSE LOITERING ABOUT OR RUNNING FROM THE SCENE.

On Monday, 04-27-92, I, Det. Michael WESOLOWSKI, Squad 126 Early, conducted follow-up investigation regarding this incident. I contacted a Captain Bert BEMANN of the Milwaukee Fire Department. Captain BEMANN was on Engine 39 the evening of 04-21-92 and responded to the scene at 8901 N. 76th St.

Captain BEMANN stated that upon his arrival, he observed a white male lying partially under a van and did subsequently have a brief conversation with this person. This person was subsequently identified as Jesse ANDERSON. Captain BEMANN stated that as he approached this person, the person rolled over and had a knife with a red handle in his right hand and indicated that he had just pulled it out of his chest. ANDERSON also told Captain BEMANN that "two black guys jumped my wife and tried to kill her." Captain BEMANN further stated that ANDERSON also may have asked about his wife at least on one other occasion.

Captain BEMANN further stated that while he was at the scene, he observed a dark baseball cap lying close to where Jesse ANDERSON was lying. It was in an upright position as if someone laid it there. Captain BEMANN stated that when he observed the cap a very short time later, it was on its side and appeared to have been kicked or pushed over by someone.

I then questioned Captain BEMANN if he, at anytime, had entered either the black Volvo or the white van at the scene, and he stated no nor did he observe any other person enter either of these vehicles. Captain BEMANN stated that he does remember a key in the passenger side door of the black Volvo.

On Monday, 4-27-92, at 7:20AM, Detective Joesph NOWICKI, Kenneth MORROW and I, Detective James BECKER, left the Police Administration Building with Jesse ANDERSON, for the purpose of conveying him to the Schramka Funeral Home, located at 423 N. Main Street, Thiensville, WI.

While en route, Jesse ANDERSON engaged in normal conversation. He made statements about the weather and questioned sports activities. He asked if we had any knowledge of the basketball playoffs. He further asked how the Chicago Bulls were doing in the playoffs. We responded that we were unaware of their status.

We arrived at the funeral home at 7:45AM. We waited in the front lobby until the arrival of Attorney Dennis COFFEY. Upon his arrival at 7:50AM, we entered the parlor where the body of Barbara ANDERSON laid in state. There was a private viewing by Jesse ANDERSON. He remained at the casket for a period of approximately five minutes. During that period of time he made the statements, "Honey, I'm sorry. I'm sorry. I love you."

At that point his attorney, Dennis COFFEY, assisted him to the couch in front of the casket. He sat on the couch where he conferred with Attorney COFFEY. During this viewing, Jesse ANDERSON appeared somewhat emotional. Our observations did not show that this subject was crying. Although he made audible sounds, we did not observe any tears in his eyes.

Toward the end of the viewing, Attorney COFFEY gave him two tissues. He sustained a slight nose bleed and indicated that he was not feeling well. He was assisted by myself and Attorney COFFEY to the rear of the room and was headed to the restroom. As we got to the rear of the room he indicated that he felt better and was no longer sick. He was then escorted back to the couch at the front of the parlor. He remained there for several more minutes, before the viewing ended at 8:05AM.

At that time he was returned to the Police Administration Building by the above listed Officers.

At 12:10PM, I, Det. James BECKER, interviewed Audrey Jean WALBY, W/F, 8-7-57 of/at 8226 W. Warren Ave., #771-9297. She related that she is employed out of her home as a sales person for the Lee Jean Company.

Regarding the incident, she related that on 4-3-92 at 6:PM, she and her girlfriend, Vicki BUCK, went to TGI Friday's Restaurant at Northridge. After having something to eat, they left the restaurant and went to the Northridge Shopping Center at approximately 7:30PM. They were walking around inside the shopping center and were on the second level, at about 8:20PM when two black males were walking toward her and Vicki. One of the black males leaned over and stated, "Kill white people." She indicated that just prior to this comment she was talking with her girlfriend, had not engaged them in conversation and that this statement was totally unprovoked. She indicates that the two black males continued walking in the shopping center and were only a concern to her on that evening because she was afraid of an incident if they followed her. She indicated that upon watching them, they did not attempt to follow her and when she left the shopping center, several minutes later, she did not see them again.

She described the person who made the statement as a black male, 17-20 years, 5'9, medium complected, medium build, clean shaven, and a smooth complexion, fine features and wearing a black baseball cap, possibly having an LA Clippers emblem. He also wore a black leather team jacket with wool sleeves and leather numbers on the upper arm. These numbers were cream in color and trimmed in green and red. She related that there was writing on the rear of his jacket, but she does not know what was written. Further, he wore black jeans and she is certain that he had no earring in his left ear, because that is the one she observed. She related that he was well groomed, good looking and appeared articulate. The second subject was a black male, 17-20 years, 6', thin build, dark complected, wide nose, with larger lips. He also had no facial hair and wore a high top haircut with the shaved sides. She remembers that he was wearing a dark jacket but can remember no further clothing.

I interviewed Miss RONKOWSKI regarding her employment at the PEX Store located at 533 W. Wisconsin Avenue, as we had received information that the PEX Store did sell the type of knife used in this offense. During the interview with Miss RONKOWSKI, she related that she has worked at the store, under the present management for the past five years. She indicated that about one month ago, while she was working alone in the store, a white male came into the store and asked about fishing knives. She showed him a yellow fishing knife and he indicated that he wanted a different one, something more pointed. She then showed him the red fishing knife, which she had in the store. The subject then stated he would buy it. He told her "I do a lot of fishing." He then paid her in cash for the knife and left the store.

Miss RONKOWSKI related that on Saturday, 4-25-92, while she was working at the store with her boss JIM, they were talking about how the news media had said that two black males had stabbed the lady. She further related that on Saturday night, 4-25-92, or Sunday night, 4-26-92, she saw the knife on the TV news and at that time she felt that she had sold that knife to a white male. She related that when she saw a picture of the suspect in the newspaper, she thought that he looked familiar to her.

Miss RONKOWSKI was then conveyed to the CIB to view a line-up for identification purposes regarding this offense.

On Monday, 04-27-92 at 12:40 p.m., Squad 125, Det. Paul STUHMER, conducted follow-up investigation relative to this offense by contacting a William MCKAY, (377-0770). Information that had been received by our department indicated this subject was present at St. Michael's Rehabilitation Hospital, located in Brown Deer, when a younger white male spoke of knowing people who may know who stabbed the woman at the TGI Friday's parking lot.

While speaking to Mr. MCKAY, he informed me he was, in fact, at St. Michael's Rehabilitation Hospital on Wednesday, 04-22-92 at approximately 5:30 p.m. He stated while in the locker room of this facility, he overheard a younger white male talking about the above captioned offense. The younger male was stating there was gang involvement in this matter, and that he knew people who knew the suspects who committed this offense. William MCKAY further informed me he suggested to the young man that he contact the authorities and relay this information to the Police Department. William MCKAY further stated it did not appear that the young man was going to come forward to authorities, so he (MCKAY), contacted a nurse and asked her the identity of this young man. William MCKAY suggested that I contact this nurse, Mary KELLY, at St. Michael's Rehabilitation Hospital, as she could probably supply me with the name of the young man who was talking in the locker room.

At 1:15 p.m. on that date, I contacted Nurse Mary KELLY, at St. Michael's Rehabilitation Hospital, (357-7072). At this time, she informed me she remembered the incident that William MCKAY spoke of, and she identified the person who MCKAY was referring to as . She further connected me with a supervisor who informed me that had a 5:30 appointment at this facility on this date, (04-27-92).

It should also be noted that Det. Richard TERRONES of the Criminal Intelligence Division had previously contacted me and informed me that he had received information through another law enforcement Officer. The source of the information was a reliable confidential informant who stated an individual named was an outpatient at St. Michael's Rehabilitation Hospital, Brown Deer, and that the subject had spoken of knowing people who knew who committed this offense. The source further stated that

On Tuesday, 04-28-92, Squad 125, Det. Paul STUHMER and Joseph NOWICKI, received information that the suspect in custody for this offense, Jesse ANDERSON, W/M, DOB: 05-03-57, had a barber by the name of Herb, who is employed at Gunter's Barber Shop, located at 6920 W. Brown Deer Rd. Information had further been received Jesse ANDERSON had made statements to this barber that he (ANDERSON) believed his wife was involved in an extra marital affair.

At 1:45 p.m., 04-28-92, Squad 125 proceeded to Gunter's Barber Shop, located at 6920 W. Brown Deer Rd., in the City of Brown Deer. At this time, we met Herbert E. FISCHER, W/M, DOB: 04-15-40, of 5674 Cedar Beach Lane, Belgium, WI, (285-3580). He may be reached at this barber shop phone #354-9987.

This subject informed us that he is, in fact, Jesse ANDERSON's barber and has known the suspect in this offense for the past five years. He stated that the last time he had seen Jesse ANDERSON was approximately one week prior to this offense occurring (Tuesday, 04-21-92). He stated Jesse ANDERSON spoke mainly of golfing, real estate, and looking for business opportunities while he was in the barber shop. He further informed us that Jesse ANDERSON did not speak of his family or his social life, other than socializing with members of North Shore Country Club where ANDERSON golfed. Although other customers of Herbert FISCHER do speak of extra marital affairs and personal businesses of their spouses, this witness indicated Jesse ANDERSON did not speak of these topics while in the barber shop.

Herbert FISCHER was informed that we were specifically directed to him and further informed that he could relate some of Jesse ANDERSON's personal business to us. Again Herbert FISCHER denied any knowledge of ANDERESON's personal business, specifically extra marital affairs involving himself or his spouse.

A card with the phone number of the Homicide Squad was left with this individual, and he indicated that he will contact our department if any parties come to the barber shop with any information relative to the ANDERSONS or this offense.

On Tuesday, 04-28-92 at 1:00 p.m., I went to the Shell Car Wash, located at 11522 N. Port Washington Rd., Mequon, WI. where I interviewed the owner, Richard J. FRANKARD, W/M, DOB: 09-24-34, of 4857 N. Sheffield Ave., (964-1892). He stated that he could not state if Jesse ANDERSON was a customer on that date, (04-21-92).

Upon viewing photos of the car and Jesse ANDERSON, he stated that he has seen both of them in his car wash on previous occasions. He further stated that he has seen the car, Jesse ANDERSON, and Jesse's wife driving the car. However, he can't state that they were in the car wash on that date.

He was questioned regarding the possibility that one of the attendants could have taken a cellular phone from the rear seat and placed it in the trunk of the automobile. He stated that there are very few customers that let the attendants drive the cars through the car wash. He stated that these are usually very frequent customers that would drop of their cars for a period of time, at which time attendants will do other mechanical things including possibly an oil change and a car wash. He stated that Jesse ANDERSON was not one of those customers.

The attendants at the car wash have no purpose in entering the interior of an automobile. Even if a customer request that the interior windows be done, it is seldom done by the attendants. He further stated that there would be no reason for any of his attendants to move the phone.

I also interviewed Patrick FRANKARD, 09-11-67, of 11558 N. Port Washington Rd, (241-1115; 241-4388). He is the son of the owner and stated that he was working on Tuesday, 04-21-92 at 4:00 p.m. He viewed the photos and also stated that he recognized this person as a customer in the car wash. He could not state specifically that he was in the car wash on that date. He also stated that no one would have removed the phone from the rear seat and placed it in the trunk of the automobile.

Richard FRANKARD, the owner, checked the credit card receipts with me in attempt to locate a credit card receipt signed by Jesse ANDERSON on that date. We were unable to locate any credit card receipt either to Shell Oil, Visa, or Master card. He provided me with a register detailed slip from 3:04 p.m. until they closed at 6:00 p.m.

On Tuesday, 04-28-92 at 2:15 p.m., I went to the Video 1 Store, located at 219 N. Main St., Thiensvillie, WI, (242-9128). This store is a location of Video Tape Movie Rentals. I interviewed Gary WEICHERT, W/M, AGE: 41, DOB: 07-28-50, of 3600 Candlewick Court, Mequon (242-1831).

He was questioned and stated that Jesse ANDERSON is a customer registered at his store. He was questioned regarding the type of video tapes that are rented by Jesse ANDERSON. He was reluctant to provide information without means of a subpoena. He did, however, allow me to view a computer screen containing the last 16 movies rented by Jesse ANDERSON.

Among these movies, I found several that were thriller type movies. These included "Silence Of The Lambs", "A Girl To Kill For", and approximately two other movies. I also found several rentals of "Sleeping Beauty", several children's movies, and several science fiction movies. There did not appear to be any consistent pattern to his movie rentals.

On Tuesday, 04-28-92, we, Det. Eugene FARMER and Kenneth MORROW conducted follow-up investigation regarding this offense. During the course of our investigation, we reinterviewed the owner of the PEX Store, located at 533 W. Wisconsin Ave., regarding the purchase of these knives and who the distributor was.

The owner of the store, James D. DESHAZER, B/M, DOB: 07-16-39, (765-9999), stated that he had purchased these knives on 10-18-91, and that he purchased three of these knives from a salesman for the Martin Marx Co., located in Elmhurst, IL. He stated that the salesman who he purchased these knives from was a PURCELL, Michael, (1-708-323-7887) of Elmhurst, IL.

I then made contact with Mr. PURCELL by telephone, and he stated to me that he does remember selling these knives to the PEX Store at 533 W. Wisconsin Ave. He stated that he knows what knives I'm talking about as he had seen the knife on the T.V. news. I then asked him if he had sold this particular knife to any other stores in the Milwaukee, or southeastern Wisconsin area. He stated that he does not think so and could not remember off the top of his head, if did he or not. He will check his records to find out if had, in fact, sold anymore knives of this type.

While investigating this complaint, we went to Sherper's Factory and Government Surplus Store, located at 10730 W. Janesville Rd, and we interviewed the store manager. Upon showing him a photograph of the type of knife we were looking for, he, David NESNIK, stated that they did not sell this type of knife and never has.

We then went to Casanova Sporting Goods Store, located at 1601 W. Greenfield Ave., where we interviewed Paul CASANOVA, DOB: 06-28-64, (672-3040). We also showed him a picture of the knife we were looking for, and he stated "No" they did not sell that type of knife and have never sold it.

We checked the Army and Navy Surplus Store, located at 707 W. Wisconsin Ave., (277-0110), and talked with the owner, Carl BARTOLONE. He stated that his store has never sold that type of knife.

On Thursday, 4-30-92, while executing a search warrant at the Lakeside Oil Company, located at 2817 W. Stark Street, we, Detective NOWICKI and Detective Kenneth DOBESH, interviewed John (Jack) SOBCZAK, W/M, 8-1-48 of W328 S860 Timberline Circle, Delafield, WI., #646-2241. Mr. SOBCZAK was the immediate supervisor of Jesse ANDERSON, the suspect in this offense, and shared an office with him.

Mr. SOBCZAK related that he would describe his association with Jesse ANDERSON, as "professional". He related that they did share an office, however he has never been at Mr. ANDERSON'S home. He indicated that they did get together, on occasion, for a sheepshead game or at the company picnic. He stated that he was involved in the operation of Olympic Oil, which his wife was the president and he believes that his wife operated the Olympic Oil Company out of her home.

He related that Mr. ANDERSON worked for him for approximately six years. He indicated that before Mr. ANDERSON worked for him, Mr. ANDERSON was the buyer for the Railroad in Chicago and that another salesman was the seller. He indicated that when the prior salesman left the company, he (Mr. SOBCZAK) was introduced to Mr. ANDERSON, mainly for a simple business transfer so that the transfer of salesmen would go smoothly and he (Mr. SOBCZAK) would be the temporary salesman.

When this was done, Mr. ANDERSON asked him if he could get a job with his company. Mr. SOBCZAK related that originally, he sort of laughed it off and did not truely believe him. Mr. SOBCZAK did receive a telephone call from Mr. ANDERSON a few weeks later, at which time Mr. ANDERSON told him that he was not kidding and that he did want a job interview. He did give the job interview and after a lengthy search for a replacement for the prior salesman, it was found that Mr. ANDERSON was the best qualified person for this job and therefore, hired him.

Mr. SOBCZAK further described Mr. ANDERSON as being a highly intelligent person, who would often think things out to a great extent, and in some cases, thought them out to a point where he would overthink them out, and thus would in various ways actually mess up his planned operation.

Mr. SOBCZAK could offer no further information relative to this investigation.

On Thursday, 4-30-92, we, Squad 123 Early, Detectives David KLABUNDE and Keith BALASH were assigned follow-up investigation relative to this offense. Said follow-up consisted of interviewing a possible witness with information related to this offense.

At 4:15PM, we met with and interviewed David A. EVANS, W/M, 3-30-66, of 8562 N. Servite Drive, #365-1647. Mr. EVANS is presently employed as a stock person at the Sentry Food Store, located on West Brown Deer Road, #355-1484.

Regarding information regarding this investigation, this witness, David EVANS, states he has been involved in martial arts since approximately the age of 16 years. He further stated that he is a black belt in the Kung Fu technique and further a brown belt in the karate technique. He related that in 1990, he was employed as an instructor of the Martial arts at the Midwest Karate School located on N. Teutonia Avenue. Mr. EVANS related he was employed as a Martial arts instructor at this school and subsequently was introduced to Jesse ANDERSON. He went on to indicate that the owner of the company instructed students during the evening hours while he, EVANS, monitored the business during the daytime hours. EVANS related that Jesse ANDERSON routinely came to the school during the daytime hours and received instructions at the school. He went on to indicate that when the Midwest Karate School closed, he (EVANS) transferred to a different school of instruction, known as the Quest International School located on West Fond du Lac Ave., in the Bonanza Shopping Center.

EVANS states he subsequently made arrangements through the Quest International School, whereas ANDERSON came to the school and received private instruction from EVANS. He further indicates that EVANS instructed ANDERSON in near by county parks as well as going to ANDERSON'S home and giving private instruction. He states that ANDERSON paid him at the rate of $10 an hour and these private instructions took place during 1990 and 1991. EVANS related that he believes that ANDERSON did, in fact, possess a belt in the Judo style of martial arts and desired to maintain and continue his training in the

David EVANS related that he has known Jesse ANDERSON since his group instruction in 1990 and further, that the last time he personally had contact with ANDERSON was approximately one year ago. At that time Jesse ANDERSON came into his place of employment at the Sentry Food Store and further, ANDERSON asked EVANS if he could get back into the martial arts and receive private training or instruction. EVANS described Jesse ANDERSON as being a pleasant person, but personally relates that he was very aggressive in his training involving the martial arts. He went on to indicate that he continued in the martial arts field and stated his purpose for this was for personal fitness. He went on to indicate that he personally knows that Jesse ANDERSON is a very strong person, but his martial arts forms and techniques needed some improvement.

David EVANS went on to indicate that he went to the ANDERSON residence on several occasions for the purpose of private martial arts instruction as well as doing handyman jobs for ANDERSON. He assisted ANDERSON in doing some landscaping and yard work, years ago. He recalls a visit to the family residence sometime back; stating when he (EVANS) and ANDERSON arrived at home, Mrs. ANDERSON was not there. He states Jesse ANDERSON was extremely concerned and somewhat mad that she was not present when they arrived.

At this time this witness, David EVANS, produced a video cassette and stated that the cassette contained a recording of a martial arts form which was performed by Jesse ANDERSON in 1991 and taped at the Quest International School of Martial Arts. Upon viewing a portion of the recording, it was learned that Jesse ANDERSON was in fact involved in some type of practice session, performing a martial arts technique while being taped by this witness, David EVANS.

The above described video cassette tape was subsequently conveyed to the Property Control Division of the Milwaukee Police Department, where it was placed on Inv. #1372907 as evidence.

The note was hand printed and directed to the ANDERSON'S babysitter, with instructions for the babysitter for the evening. The note included the fact that the ANDERSONS were going to be attending the Northridge Theatre and had an accompanying phone number. The note further gave instructions for scheduling for the children for the evening. Joy SCHRAMKA allowed me to view this note while I was at the residence; however, I did not recover this paper. She informed me that the dog's name was Shane and the record number for this animal is #1267. She also informed me that ANDERSON had given the Humane Society a twenty dollar donation for the services. I was also informed that a cat was brought to the Humane Society from the ANDERSON home. This cat is described as a domestic male, with long hair, grey and white. This animal is presently at the Humane Society. I requested of Miss ASTRIN to place a hold on the cat for further investigation. She informed me that the cat would remain at the Humane Society in protective custody until we have completed our investigation.

The Ozaukee County Humane Society is located at 2073 Hwy W in Grafton, Wisconsin and has operating hours of 9:00am to 5:00pm. I informed Miss ASTRIN that Detectives from the Milwaukee Police Department would come to their location to obtain records of the dog that was euthanized and also to make observations of the cat.

On Sunday, 5-3-92, Sq. 125, Dets. Joseph NOWICKI and Kenneth DOBESH, conducted a follow-up investigation into this matter. This consisted of contacting a James HUTTER, a possible witness in this offense.

At 12 noon we did interview Mr. HUTTER at his home. James HUTTER is a white male, born 11-19-54, of 1010 Aurora, Waukesha, Wi. (549-1608). Mr. HUTTER is employed by John Maye Associates Inc., N.58, W14690 Shawn Circle, Menomonee Falls (252-4007). Mr. HUTTER works in the Parts and Service Dept.

He states on the date of the offense, 4-21-92, he arrived at TGI Friday at approximately 9:30 P.M. He stated he arrived there with several friends who were at a group meeting for Recently Singles. He stated that one of the people he arrived with in the group was Ron FRANK. He stated he did arrive in his own van, that being a company van, and he parked his auto on the TGI Friday's lot on the north side of the lot, facing in a northerly direction and facing the bank. He stated that all, as a matter of routine, go to various restaurants after these meetings and this was the first time he had been at this particular location. He states normally that they go to a Chi Chi's Restaurant in the area.

He stated that as usual he got out of his van and waited for the others and then all of them walked into the restaurant together. He stated that he did not notice anyone in the parking lot when they arrived. He was asked whether or not if there were any black males specifically in the parking lot if he would have noticed them. He stated that he grew up on the north side of the city of Milwaukee and if he would have noticed any black male in the lot he would have been very leery and would have definitely noticed this. He stated that they went into the restaurant and were there for approximately one-half hour to forty-five minutes, that he had ordered some food and had finished eating his food and was about to have a drink when he observed a fire engine drive onto the parking lot and made the comment, "I wonder whose car is on fire" and he laughed. He stated within minutes after that there was a page over the restaurant's loud speaker looking for the owner of a white van, that being the van that was owned by his friend Ron FRANK. He stated that he followed Ron FRANK out of the restaurant, and as they were approaching the victims

he observed others pulling the female out from under the van.

He stated that after observing the female he realized at this point that he was of no use and that there were much more qualified persons probably in the area, including a friend of his by the name of Laurie, who is a registered nurse in an emergency room. He stated he returned to the restaurant and told Laurie of the situation and that Laurie left the restaurant. He stated he then sat down at the bar for a few minutes and then went back to rejoin his friends. He stated that while out there he did not hear either of the victims make any statements and did not really get close to them because, as he explained it, it was probably the worst sight he has ever seen and he could not tell whether the female victim in this offense was white or black due to the amount of injury to her facial area.

On Sun., 5-3-92, Squad 124, Dets. Brian O'KEEFE and David KLABUNDE, conducted followup investigation relative to this offense. We were instructed to interview a patron of the TGI Friday Restaurant, who was in the restaurant at the time this offense occurred.

At 6:40PM, we did make contact with the witness, who was identified as Sharri L. MARTZ, WF, 6-28-61, of 10016 W. Fond du Lac Avenue (353-9396). Ms. MARTZ is employed by American Enterprise, and has a work phone of 1-800-558-0570. Regarding this offense, Ms. MARTZ states that on Tues., 4-21-92, she was at a "re-singles" support group meeting at the Wisconsin Lutheran Child and Family Center, located at N. 76th and W. Denver. She stated that at approximately 9:10PM, she, along with Lisa MALITZ, Ron FRANK, Jim HUTTER, Jim KRUEGER, Wendy VANDENBOOM, and Lori, all left the center and agreed to go to the TGI Friday Restaurant to have a drink and something to eat. Ms. MARTZ states that she rode with Lisa MALITZ, and that the others went in their own cars. She states that they arrived at the restaurant approximately 9:20PM, and that she and Lisa were the last one to arrive as the others were already waiting in their cars. She states that upon arrival at the restaurant, they all got on their automobiles and walked into the restaurant. Ms. MARTZ states that at this time she did not see anything suspicious in the lot, and that nothing drew her attention to anything happening in the lot. She states that once inside the restaurant, they sat in the bar area, and ordered drinks, and some of the group ordered food. She states that at approximately 10:20 to 10:30PM, somebody came into the restaurant and asked, "Who owns the white van, they better come out in the lot." She states that she looked at Ron FRANK as she knew he owned the white van, and she believed at that time that it may have something to do with somebody breaking into autos, as she has other friends who had their autos broken into recently in the area of the northwest side. Ms. MARTZ states that she went outside approximately 5 to 6 minutes later, and at that time, she noticed that there were numerous police and fire vehicles in the lot parked near and around this van. She states that there was a large crowd of people around, and that Ron walked back up towards the door and informed her that two people had been stabbed by his van. Ms. MARTZ stated that she never walked down to the area where the van was parked, and that she went back inside of the restaurant. She stated that at approximately

On Sun., 5-3-92, Squad 124, Dets. Brian O'KEEFE and David KLABUNDE, received followup investigation relative to this offense. They were instructed to interview a co-worker of the defendant, Jesse ANDERSON.

At 8:20PM, we did make contact with the witness, who was identified as Thomas J. KOWALSKI, WM, 8-21-40, of 1175 Garvans St., Brookfield, WI (782-6832). Mr. KOWALSKI is employed as a salesman for Lakeside Oil Company, and has a work phone of 445-6464. Regarding this offense, Mr. KOWALSKI states that he has known the defendant, Jesse ANDERSON for approximately six years. He states he does know him through his employment at Lakeside Oil. Mr. KOWALSKI stated that Jesse ANDERSON is one of the three salesman employed by Lakeside Oil Company, the second being Mr. KOWALSKI, and the 3rd being a Jack SCHULTZ. Mr. KOWALSKI states that during the time he has known Jesse ANDERSON, he has not observed any unusual behavior and stated that he does not believe that Jesse ANDERSON was a type of person to lose control. Mr. KOWALSKI states that he did see Jesse ANDERSON on 4-21-92, and he states he saw him early in the morning hours until approximately 10:30AM, and again in the afternoon at approximately 3:00PM. Mr. KOWALSKI states that on this date, Jesse ANDERSON did not exhibit any behavior which he would deem unusual, and stated that he had joked about going to a movie that night and stated that he did not want to go. Mr. KOWALSKI further states that they have a small company personnel wise at Lakeside Oil, having approximately 10 employees. Mr. KOWALSKI was questioned if there is any employee at the firm who is close to Jesse ANDERSON and he stated nobody in his mind stood out. He stated that no employees exhibited any excessively unusual or emotional reactions to the arrest of Jesse ANDERSON, but he stated that the entire company was shocked by it. Mr. KOWALSKI further stated that he does not see Jesse ANDERSON on a social basis, as Jesse ANDERSON lives in Cedarburg, he lives in Brookfield and the 3rd salesman lives in Dousman. He states that none of the salesman really see each other on a social basis with the exception of company functions or an occasional sporting event. Mr. KOWALSKI states that Jesse ANDERSON has never made any statements about being unhappy or dissatisfied with his life or his wife, and he further states that it appeared that Jesse ANDERSON did live in his means. Mr. KOWALSKI states he does not know of any drug or alcohol problems that

Jesse ANDERSON has, and again reiterated that he was very shocked by the arrest and the events of this incident.

Mr. KOWALSKI also stated that he was somewhat upset about an article in the Milwaukee Journal, in which a reporter stated he had attended a meeting of persons involved in the oil industry. Mr. KOWALSKI states that this reporter put a statement in the paper that two colleagues of Jesse ANDERSON had made a statement regarding Jesse ANDERSON threatening the life of a client of their oil company. Mr. KOWALSKI states that this upset him because he was at a table at this meeting when this reporter sat down. Mr. KOWALSKI states that this reporter asked a question, something to the effect, "Didn't Jesse ANDERSON threaten somebody over their business, threatening to take away their business if he did not drop his rates," and Mr. KOWALSKI stated he made a flipping remark, "What is so unusual about that?" Mr. KOWALSKI states that this had to do with their business using distributors, and he states that it is not uncommon to threaten the pull business from a particular distributor if their rates are not what would be deemed acceptable to the company. He stated that these distributors want the business from Lakeside Oil, and if there rates become too high, Lakeside Oil will transfer their business to another area. Mr. KOWALSKI stated that it upset him that the reporter had worded the article in a way that it appeared that Jesse ANDERSON had a violent temper.

Mr. KOWALSKI was also asked about other businesses that Jesse ANDERSON was involved in, specifically, about Olympic Petroleum. Mr. KOWALSKI stated that Olympic Peteroleum is a firm which does business with the railroads. He stated that a certain amount of business must be had by minority contractors, and he states that Jesse ANDERSON set up this business with his wife, Barbara ANDERSON, as president so they could obtain minority contracting rights. Mr. KOWALSKI states he doubts very much that Barbara ANDERSON knew anything about the business, but states that he believes Jesse ANDERSON had discussed the matter with Barbara ANDERSON as she was listed as the president, as a figure head only. Mr. KOWALSKI also stated that this is not that unusual, and does not believe that Jesse ANDERSON was doing anything underhanded with this and stated he was "just being an aggressive salesman." Mr. KOWALSKI had nothing further to add regarding this offense at this time, and was thanked for his cooperation.

She stated that she did not observe where these subjects went after they left the mall. She stated that she then drove home.

She could not provide any description of these individuals nor could she identify them if she observed them again. She stated that there were 12 to 15 people at the 7:00 showing of the movie "City of Joy". On Tuesday, 5-5-92, Squad 123, Det. David KLABUNDE and Keith BALASH were assigned follow-up in this offense.

On May 5, 1992 at 8:10 PM, Squad 123 proceeded to 7711 Parkview Road in Greendale and interviewed a James L. PELLETIER, W/M, DOB: 12-15-51 of that address, (421-9589). Mr. PELLETIER is employed as a mail carrier with the U.S. Post Office and works out of the downtown office at 606 E. Juneau Ave. Mr. PELLETIER stated that he has been employed as a mail carrier in that particular area for the past 11 years.

Regarding this offense, Mr. PELLETIER stated that approximately a month or so ago, he was delivering mail on Route 312 which is the area covering Plankinton and Clybourn. He stated that he only delivers this route one day per week and he stated that on this particular day, it was sunny out and that he was at 508 N. Plankinton and had just finished delivering to that building.

Mr. PELLETIER stated that a white male in his mid 30's, 5'10" to 11" with a mustache and balding hair, wearing some type of suit with a tie and a beige trench coat and no glasses approached him. Mr. PELLETIER stated that this subject asked him if he knew where an army surplus store was and that he then told this subject that there was one located at 533 W. Wisconsin Ave., next to the Mark Plaza. He stated that the subject asked him for directions and that he directed the subject to N. 6th St. and then to Wisconsin Ave. and told him that there were parking meters on both 6th St. and 5th St.

He stated that after speaking to this subject, he felt that the person looked like an attorney; however, he thought that it was odd that a person like this would be asking for an army surplus store. He stated that this entire incident took approximately 30 seconds to a minute and that it occurred sometime between 10:50 and 11:10 AM. Mr. PELLETIER stated that he can pinpoint this time because he is consistent in his delivery route and that he is normally at the 508 N. Plankinton address just before 11:00 AM.

Mr. PELLETIER stated that he saw the article in the paper regarding the ANDERSON case and he observed the picture in the paper and from his view of the picture, it did not look familiar to him and he felt that this person, Jessie ANDERSON, was much bigger from the paper photo. He stated, however, that he observed Jessie ANDERSON when he was on T.V.

being led into court and at that time, he saw him and felt that he had seen this person before and then he made the connection with this incident of the subject asking for directions to the surplus store. Mr. PELLETIER stated that he cannot be positive; however, he believes that Jessie ANDERSON is the same person who asked him for directions to the surplus store.

Mr. PELLETIER further stated that he checked his work calendar and that he can narrow down the possible days over a month period starting with 3-17-92 which was a Tuesday or 3-25-92 which was a Wednesday, or 4-2-92 which was a Thursday, or 4-10-92 which was a Friday. He stated that these were the only possibly days that this event could have happened and he knows these days in particular were the days that he worked that route because he is what is known as utility man who fills in for a carrier on his day off.

Mr. PELLETIER could offer no further information regarding this offense and added that he would be more then willing to be a witness and testify in this case.

Squad 123, Det. BALASH, will check the file to compare the information regarding the PEX Surplus Store at 533 W. Wisconsin with this information.

At this time, inquiries were made as to the existance and location of a golf bag belonging to the suspect in custody for this offense, Jesse ANDERSON, who is a member of this country club. Jesse ANDERSON had previously stated he traveled to the North Shore Country Club where he played golf on the date this offense occurred.

William HALVERSON informed me Jesse ANDERSON did in fact have a golf bag located in slot E9 of the bag room of the North Shore Country Club. He further described this bag to me and informed me Jesse ANDERSON'S name was on the bag.

At 11:45 AM this date, oral testimony was presented to Judge Jeffrey WAGNER of Branch 38 of the Milwaukee County Circuit Court. At this time, a search warrant was requested and approved for a search of Jesse ANDERSON'S golf bag at the North Shore Country Club. The items sought were the clear lensed oblong shaped eye glasses and a beige waist length jacket.

At 1 PM this date, Det. Lt. David KANE and I proceeded to the North Shore Country Club located that 3100 W. Country Club Drive, City of Mequon. At this time, we presented a copy of the search warrant to the Country Club Manager, Gary HAMMER, and we were directed to the bag room. Jesse ANDERSON'S bag was located in slot E9 and a search of the bag was commenced at that time. Our activities at the County Club were concluded at 1:10 PM and nothing was obtained during the execution of this search warrant.

No damage to property occurred as the zipper portion of this golf bag were not secured by means of a lock.

NARRATIVE:

On Monday, 4/27/92, Squad 124, Dets. Brian O'KEEFE and Kenneth MORROW, were conducting followup investigation relative to this offense. We did proceed to the SuperAmerica Gas Station, located at 9091 N. 76th St., in an attempt to interview the employees of the station regarding any knowledge they may have of this offense. We were interested in obtaining any cash register receipts or credit receipts for the date of 4/21/92, in an attempt to locate persons who may have been in the area at this time.

Upon proceeding to this store, I did interview the manager of the store, who identified himself as John P. WAIS, M/W, dob-6-25-52, W67N761 Franklin St., Cedarburg, WI, ph. #377-7021. Mr. WAIS is the manager for the SuperAmerica located at 9091 N. 76th St., business ph. #355-8410. Also in the store at the time was the area manager for SuperAmerica, who was identified as Rebecca HARWOOD, F/W, dob-1-10-62, 7485 S. Manitowoc, Oak Creek, WI, ph. #762-0779. Ms. HARWOOD is the area manager for SuperAmerica, business ph. #723-3800.

I did question Ms. HARWOOD and Mr. WAIS regarding cash register receipts for this date, and they did, in fact, state they had the original cash register receipts for the purchases made on 4/21/92. At this time, they did pull both the tapes for this date, for the time periods of between 9:30 and approximately 11:00 PM. In examining these tapes, one tape shows that at 10:16 PM, 4/21/92, the clerk in the store signed off one of two cash registers and began to run out a daily tally. This daily tally runoff began at 10:16 PM and ended at 10:30 PM. We did have information from a witness, identified as Robert SCHRAMXL, that he had purchased gasoline from a SuperAmerica Station at approximately 10:20 PM, and he further stated the amount of his gasoline purchase was approximately $10, although he did not remember the exact amount. In checking the tapes, one tape has no purchases between the hours of 10:16 and 10:30 PM, due to a tally being run, and the second tape shows three purchases of gasoline for the approximate amounts of $10. The first purcahse took place at 10:23 PM for an amount of $12.50, the second purchase took place at 10:27 PM for an amount purchased of $11 and the third purchase took place at 10:29 PM for an amount of $9.35.

I also questioned Ms. HARWOOD and Mr. WAIS regarding any credit card purchases, and they did turn over to me numerous credit card receipts for purchases made on the date

of 4/21/92. In examining the cash register tapes, it did not appear that any credit purchases were made at or about the time of this offense.

I also questioned Mr. WAIS regarding any videotape that they may have made in conjunction with their surveillance cameras, and he stated the videotape for that date had not been changed and had, in fact, been taped over as there had been no incidents.

Mr. WAIS and Ms. HARWOOD did turn over the cash register tapes, as well as the credit card receipts, to me, and they were then conveyed down to the CIB. The cash register tapes were placed on MPD Inventory #1374241 as evidence and the credit card receipts were photocopied and are incorporated into this report. The purpose for this was the cash register receipts may be needed by this business for payment purposes.

Upon return to the CIB, I did contact the SuperAmerica and asked them what time they currently had on their cash register tapes. In obtaining this time and checking it against the MPD CAD (phonetic) System time, it was learned that the CAD System is approximately a minute behind the SuperAmerica time. This would reflect that if a purchase was made at a time on their register at 10:23 PM, the MPD CAD System would reflect a time of 10:22 PM.

NARRATIVE:

On Thursday, 5/7/92, Squad 124, Det. Brian O'KEEFE, met with a witness to this offense, identified as James E. DESHACER, M/B, dob-7-16-39, 6920 N. Beech Tree, Glendale, WI, ph. #352-7559. Mr. DESHACER stated he is the owner of Jim's United Military Supply, located at 533 W. Wisconsin Ave. in Milwaukee.

Mr. DESHACER stated that he had searched his records for his business' purchase of a fishing knife, which was recovered as the weapon used in this offense. Mr. DESHACER stated he had located the purchase order for this knife and did turn over the purchase order to me. This purchase order for the United Military Supply Company has a date on it of 10/18/91. These items were purchased from the Selsi Company, and numerous knives were purchased on this order. On the second line on the purchase order, there is an item #4001118, which lists a two-bladed fishing knife. It further lists that the quantity purchased by Mr. DESHACER on this date was three of these fishing knives. Mr. DESHACER stated this is the only time he ever purchased this type of knife and the quantity was limited to three. He further turned over to me at this time the original box for the knife, which had been sold from the store. Mr. DESHACER turned over the box for the knife, which does have an item description # listed as 400118, and a price sticker from United Military Supply of $18.95. Mr. DESHACER stated he retained this box because he places the actual item itself into the display case and then folds up the box and puts it on the back shelf to make it look like he has more inventory.

After obtaining these items from Mr. DESHACER, I did make a photocopy to be placed in the file, and the original purchase order, as well as the original box, was placed on MPD Inventory #1374242 as Item #1.

On Tuesday, 05-19-92, at 10:15pm, I, Detective Michael YOUNG, Squad 124 Early, had a telephone conversation with Thomas LYNCH, the brother of the victim in this offense. Thomas LYNCH is watching Barbara and Jessie ANDERSON'S children.

He stated that during their conversation Jessie ANDERSON told him that he thought that it would be better if his sister and her husband would keep the kids as it would be best to avoid a custody battle if things went bad and he ended up in prison when he got out in five or six years. Tom LYNCH also indicated that Jessie ANDERSON told him that "it sounds as if you guys think I'm guilty."

Tom LYNCH stated that he had talked with Barbara's parents and his parents had informed him that Jessie had asked them to babysit his kids for when he and Barbara went to Jamaica before the date when Barbara and her brother, Terrance,

Tom LYNCH stated that if necessary Barbara's brother, Terrance, stated he would be willing to testify to this in court.

At this time, we showed LUKOWICZ the same photo array that was shown to Karen KULAS, and after viewing same, he informed us that he did not recognize anyone depicted in the photo array and did not recall any of those individuals being in the store.

He further stated that it would be very possible for anyone of the individuals depicted in the photo array to have been in the store, due to the fact that there were so many customers in the store this past week. He was unable to provide us with any other information at this time.

On Thursday, 6-11-92, Squad 124, Detectives Brian O'KEEFE and Michael YOUNG, conducted a re-interview with a witness in this offense, indentified as Brenda G. NEUMAN, F/W, dob 11-08-51, of 9001 N. 75th St., Apt. 602 (354-4535). Detectives YOUNG & O'KEEFE, were accompanied by Assistant District Attorney, CAROL WHITE during this interview, which was conducted at the witnesses' home at 6:10 P.M. on today's date.

Regarding this offense, Miss NEUMAN states that on the date of this offense, 4-21-92, she was in her apartment watching the television. She states that at approximately 10:10 - 10:15 P.M., she heard screaming comming from across the street in the TGIF lot. Miss NEUMAN states that she looked at the clock next to HER television, this is why she knew what time it was. Miss NEUMAN states that she then got up, and went to her window and looked out across the street in a southwesterly direction. It should be noted that Miss NEUMAN'S apartment does have a window on the westside of the building, which faces out onto N.76th St. Miss NEUMAN states that upon looking out the window, she could hear some screaming across the street in the TGIF lot, she then opened her window all the way so she could hear better. Miss NEUMAN states that the area around her home is like an "echo chamber", and she can hear very well when there is activity in the area. Miss NEUMAN states upon looking into the TGIF lot, she saw a white Van parked in the east lot of TGIF, and she observed what she believed to be a female being chased around the van by a single individual. Miss NEUMAN states that there was only one person chasing this female, and she could not tell if this person was black or white. Miss NEUMAN states that as she observed this, she saw two other people get into cars in the TGIF lot, one along the southern portion of the lot and another along the eastern portion of the TGIF building. She states that these people were leaving, while she saw this incident taking place. Miss NEUMAN states she only heard a woman screaming, and was not aware that a man was involved in this incident until she was informed of such by the police department early in the morning when they came to her apartment. Miss NEUMAN states that she then observed another resident of the building running southwest across the street toward the TGIF lot, and she states that he then went into the TGIF building. Miss NEUMAN states that she had also talked to this person, identified as Daniel BRAUTIGAM, regarding what he had done on the night of this incident.

Miss NEUMAN states that she then attempted to wake her boyfriend, Jim KURTZ, but Jim KURTZ would not get up. She states that when he did get up, the fire engines were starting to arrive, and she then made comment to him that she thought it was terrible that people were leaving the lot instead of helping the woman who was screaming. Miss NEUMAN did point out to us the window she had looked out while this incident took place, and this window is located on the northwestern portion of the building at 9001 N. 75th St. Miss NEUMAN was also questioned as to what area of the van she could see, and she stated that she was only able to see the north side of the van and the east side of the van. Miss NEUMAN states she was unable to see what was occurring on the south side of the van or the west side of the van.

Miss NEUMAN also stated that she was very upset by what had occurred, she states that she had talked to somebody in the building, whom she did not know, about two people being stabbed at Northridge sometime before either Christmas or Thanksgiving. Miss NEUMAN states that she heard it was two black guys that had stabbed women for no reason. Miss NEUMAN states she does not know who the victim of this offense was, and she further does not remember who had told her about it. Miss NEUMAN further stated that she's afraid to go to the Northridge Mall, because she's afraid of being around the people, and the black gang members. Miss NEUMAN states that she did go to the mall on one occasion, and she was accosted by a black male in the mall and she screamed at him, "Don't rob me, you mother fucker, I'm poor". Miss NEUMAN states that the black male then backed away from her, and she then went to the security people and had them escort her to and from the mall.

Miss NEUMAN was informed that she may be called as a witness in this offense, and she states," I couldn't go on the stand, I'd flip out". Miss NEUMAN was informed that the defendent in this case, Jesse ANDERSON, was going to be given a jury trial and she may have to testify, and after being informed of such, she stated she didn't understand why Jesse ANDERSON would get a jury trial. She stated that she watched court T.V. and they had a woman on court T.V. who was refused a jury trial. Miss NEUMAN again reiterated that she did not want to testify as a witness in this offense.

On Tuesday, June 23, 1992, at 11:45AM, Squad 125, Det. Paul STUHMER, continued investigation of this offense at the Central Redi Mix Concrete Company located at 5013 W. State St. At this location, I met Robert DIEDERICH, W/M, dob: 6-29-56, of W59 N463 Hilgen Ave., Cedarburg, Wi., (375-0414). This subject is employed at this location as a dispatcher and may be reached at phone number 258-7000. The purpose of this interview was to determine if Robert DIEDERICH was present and observed a physical altercation between the suspect in this offense, Jesse ANDERSON, and another individual named Steve FEYE that occurred at the Metro Club at a Christmas party last year.

Robert DIEDERICH informed me that he was in fact present at a Christmas party at the Metro Club along with a group of people that included Jesse ANDERSON and Steve FEYE. He stated although he was at this party, he was not present during an alleged incident between the above-named individuals. A couple of months after the party Robert DIEDERICH learned about the incident through Steve FEYE.

On Thursday, 6-11-92, at 11:AM, Squad 125, Detective Paul STUHMER, continued investigation relative to this offense. At that time I had returned a home call to Miriam FEYE, W/F, 2-17-61, of W70 N740 Monroe Ave., Cedarburg, #375-2963.

Miriam FEYE related she had a conversation with a friend, whom she did not want to identify at this time. She related this friend had a conversation with a "really good friend" who attended meetings of a Battered Women's agency in Ozaukee County. This woman was enrolled in the program and related that Barbara ANDERSON had also attended these Battered Women's meetings. According to the woman, Barbara ANDERSON attended four or five meetings and was very quiet during the first session.

During subsequent sessions, Barbara ANDERSON reported being beaten at night by her husband. Barbara ANDERSON had further claimed to be a victim of verbal abuse and physical abuse by which her husband would strike her on areas of her body where it would not show.

It was requested that Miriam FEYE contact the friend, who she initially did not want to identify, and have this friend speak to me directly.

At 4:03PM, Thurs. 6-11-92, a citizen contacted me and identified herself as Rosalind DIEDERICH, of W59 N463 Hilgen Ave., Cedarburg, #375-4122 and 375-0414. She informed me she was the friend of Miriam FEYE who had contact with the woman who claimed to have attended Battered Women sessions with Barbara ANDERSON.

Rosalind DIEDERICH related that the woman was not a really good friend, but merely an acquaintance. She indicated that this acquaintance was attending Battered Women's sessions in Ozaukee County and that there was only one such agency operating in Ozaukee County at this time. She related that this acquaintance was positive a woman attending four or five of these sessions was the victim in this offense, Barbara ANDERSON. Barbara ANDERSON reported being beaten and verbally abused by her husband.

Rosalind informed me she would not identify the acquaintance who was supplying this information, as this person was going through a bitter divorce. I emphasized the importance of this information and Rosalind related that she would convey this information to the acquaintance.

During subsequent telephone contacts with Rosalind she informed me that she did attempt to persuade this acquaintance to contact me, however the woman refused to do so. The acquaintance simply stated "investigating detectives should contact the one and only agency located in Ozaukee County for the purpose of assisting battered women."

On Thursday, 6-11-92, I did contact Advocates for Battered Women, located in Ozaukee County, #284-6902. At that time I spoke to Kim WAIS, who informed me they were the only agency of this type in Ozaukee County. At that time she informed me she would not respond to any of my requests and suggested that I speak to the Director of this agency, Kathy KAELIN, who was on a scheduled vacation.

I left a message with this subject requesting Kathy KAELIN contact me at the Homicide Squad.

On Tuesday, 6-23-92, at 2:30PM, I contacted Kathy KAELIN, the Director for the Advocates of Battered Women of Ozaukee County at #284-6902. At that time I was informed that she could not confirm or deny Barbara ANDERSON'S presence at any of their sessions. Kathy (Kaelin) informed me a client's presence at their session was confidential information and she further informed me that it would not be unusual for a person to attend these sessions, anonymously or to give a false name. I then requested the opportunity to interview counselors who are present during these sessions and further requested the opportunity to present color photos of Barbara ANDERSON in an attempt to determine if she had attended these meetings.

This request was initially denied, pending legal consultation. Kathy further informed me that I should seek helpful information that would include the possible dates of Barbara ANDERSON'S attendance and a facilitator's (counselor) name, if possible. She further informed me they employee such facilitators who attend the Battered Women's sessions.

It should be noted that during telephone contact with Rosalind DIEDERICH, she informed me her acquaintance refused to supply dates of attendance or a counselor's name.

On Tuesday, 6-30-92, at 12:30PM, I was contacted by Attorney Toni BONNEY, #271-6560 who is a legal advisor for Advocates for Battered Women-Ozaukee County. At that time I informed her of my investigation and of my request to interview and show photos to

both of the facilitators and clients who attend the battered women's session. I was informed that a meeting could be set up to interview and show photos to the facilitators, however my request to meet with and show photos to the clients was denied. A meeting was set up for the following date.

On Wednesday, 7-1-92, at 9:45AM, I appeared at the office of Attorney Toni BONNEY, located at 100 E. Wisconsin Ave., Suite 3300. Also present at this meeting were Kathy KAELIN and a facilitator for this agency, who identified herself as Kim OLSEN-WAIS. Kathy (Kaelin) informed me the second facilitator, Betty MARSHALL, was unavailable at that time.

During this meeting, Kim OLSEN-WAIS informed me that she has been employed as a facilitator for Advocates of Battered Women-Ozaukee County for the past 4½ years. She attends support group sessions which are conducted bi-weekly. These sessions are conducted on Monday nights, and Wednesday afternoons. One of the meetings would be held at the Battered Women's Shelter and the other at various locations, which would not be disclosed to me. At this time four color photos of Barbara ANDERSON, with the newest photo being taken approximately one month prior to her death, were shown to both Kim OLSEN-WAIS and Kathy KAELIN. Neither woman could make an identification of Barbara ANDERSON attending the Battered Women's Sessions, based on these four particular photos.

They further informed me their records did not reflect the attendance of Barbara ANDERSON, or Barbara LYNCH. They informed me that attendees do sign their names to a sign-in sheet, when the support group sessions are conducted.

I was informed that every person who attends the session does sign their name on the log, however it could not be determined if it was their true name. Therefore, I was informed the Advocates for Battered Women do have handwriting samples of everyone who attend their sessions.

On Wednesay, 7-1-92 at 1:PM, I had the opportunity to meet with the other facilitator, Betty MARSHALL, along with Kathy KAELIN, at Grace Lutheran Church, located at Green Bay and Friestadt Roads, Thiensville, WI.. At that time I briefly explained my investigation to Betty MARSHALL and requested she view the same four color photos of Barbara ANDERSON. Upon viewing these photos, Betty MARSHALL could not make an identification. It should be noted that a physical description of Barbara ANDERSON was supplied to both faci-

During my contacts with Kathy KAELIN on this date, she reported telephone contact recently with a woman who identified herself as Ann BURNS, a social worker employed by Ozaukee County. Kathy related that this subject related she was an agent for the County, working on the placement of the ANDERSON children. Kathy further informed me that this subject stated she had met a woman at Barbara ANDERSON'S wake, and the woman related she knew Barbara ANDERSON from attending Advocate meetings.

A subsequent interview of Ann BURNS wasconducted and will appear on a separate supplementary report.

On Thursday, 6-25-92, at 3:10PM, Squad 125, Detective Paul STUHMER, returned a telephone call to Rosalind DIEDERICH, at #375-4122. Rosalind related recently having contact with a friend, Mary BIERTZER, who is also a friend of Barbara ANDERSON.

During their conversation Mary BIERTZER related she had a conversation with Barbara ANDERSON, the day after the ANDERSONS returned from their trip to Jamaica, that being on Tuesday, 2-25-92. Mary related that Barbara ANDERSON was scared of Jesse ANDERSON. Barbara ANDERSON related that while in Jamaica, Jesse wanted Barbara to climb higher and higher up a mountain and she complained that she was not wearing the proper shoes. She became scared and climbed back down the mountain.

Rosalind further informed me that she and her husband, gave the name of a marriage counselor to Barbara ANDERSON, during October of 1990. She supplied the name of Mary Kay, who was a counselor working for Lutheran Social Services, out of an Ozaukee County church.

On Wednesday, 7-1-92 at 3:45PM, I contacted Mary L. BIERTZER, W/F, 6-28-61 of 1943 Mayfair Road, Grafton, WI, #375-0699. She informed me that she did have a phone conversation with Barbara ANDERSON shortly after the ANDERSONS return from Jamaica which occurred in either February or March of 1992. She indicated that during this telephone conversation, Barbara ANDERSON had related she was scared to climb a waterfall in Jamaica and her husband wanted her to climb higher. Barbara had complained that she was wearing sandals and as she got out halfway up the waterfall, she became very scared and started crying. Barbara then retreated down because she was scared of the waterfall.

On Wednesday, 7-1-92, at 12:25PM, I met Mary Kay HOWIE-LAUR at her residence, located at 12501 N. Circle Drive, Mequon, #243-5566. She is currently employed as a marriage counselor through Advent Lutheran Church, located in Cedarburg, #377-2902. She has been employed in this capacity for the past eight years.

She did not however, recall Barbara or Jesse ANDERSON coming to her as clients. She related that it would not be uncommon for her to counsel people who would appear alone, because sometime the spouse would not want

On Thursday, 7-2-92, at 1:PM, Squad 125, Detective Paul STUHMER, received a telephone call from Ann BURNS, a social worker employed by Ozaukee County, who may be reached at #238-6400, Ext. 200. The Ozaukee County Department of Social Services is located at 121 W. Main Street, Port Washington.

Ann BURNS informed me that she is currently assigned to the placement of the ANDERSON children. She acknowledged contact with the Advocates for Battered Women and an Attorney representing this organization. She indicated that she had contacted the Advocates for Battered Women due to the fact that she had spoken to a friend of Barbara ANDERSON, who had identified herself to Ann BURNS as Mary BIERTZER.

Mary BIERTZER had related to Ann BURNS that she, Miss BIERTZER, had spoken to a friend who had talked to a woman to claimed to have attended sessions at Advocates of Battered Women with Barbara ANDERSON. Ann BURNS further informed me that she had no direct knowledge of anyone who claimed to have attended Battered women session meeting with Barbara ANDERSON. She informed me that she did not meet any subject at Barbara ANDERON'S wake who stated she attended these sessions with Barbara ANDERSON.

It should be noted that investigation revealed the person who Mary BIERTZER had spoken to was Rosalind DIEDERICH, who had previously been interviewed and a supplementary report has been filed regarding this portion of the investigation.

Report per Det. STUHMER.

On Thursday, 07-23-92, at 4:50pm, Squad 125, Detective Paul STUHMER traveled to W62N248 Washington Avenue, Suite 207 located within the City of Cedarburg. This is the new location of North Shore Clinic and Consultants, 375-1116, formerly located at 14135 N. Cedarburg Rd., Mequon.

Information had been received through the Federated Mutual Insurance Co. of Minnesota that Barbara ANDERSON was a patient at North Shore Clinic and Consultants on 01-01-92.

While at this location I met Pamela A. NICOT, a Marriage and Family Psychotherapist who is employed by North Shore Clinic and Consultants Inc. At that time a subpoena was served upon this individual indicating that she should turn all documents regarding Barbara ANDERSON'S therapy and treatment at this clinic.

She presented me with 10 pages of information relating to Barbara ANDERSON. One of these forms, and intake/insurance information form contained information that Barbara ANDERSON who had atteneded a session at North Shore Clinic and Consultants on 01-11-92 was in fact the same person who was the victim in this offense.

During an interview with Pamela NICOT she stated she had seen pictures of the homicide victim, Barbara ANDERSON, in the newspaper. She stated she was positive that the individual depicted in the newspaper was a client of hers on 01-01-92.

Pamela NICOT informed me that Barbara ANDERSON was a referral from another client. Barbara ANDERSON appeared on 01-01-92 at 12:00pm noon for a one hour session. This was the only personal contact that Pamela NICOT had with Barbara ANDERSON. She informed me that a second session was scheduled approximately two weeks after the initial session. However, Barbara ANDERSON later telephoned that she could not attend the second session because of babysitter problems.

During the 01-11-92 session, Barbara ANDERSON made it clear to Pamela NICOT that her husband would not participate in these sessions. Barbara ANDERSON also made it clear that her husband stated that he did not want her to talk about him during these sessions. I was further informed that Barbara ANDERSON was very cautious during the session not to speak about her husband. Barbara ANDERSON spoke of problems at her home

and during this conversation she indicated that her husband was very controlling. Barbara ANDERSON also stated that her weight was an issue in their marital problems and that her husband was very bothered by her weight condition.

Pamela NICOT was asked if topics such as leaving their marriage, physical or verbal abuse, of financial problems were covered during this initial session. Pamela NICOT informed me that these matters were not discussed.

NARRATIVE:

On Tuesday, July 28, 1992 at 1:10 P.M., Squad 124 Early, Detectives Michael YOUNG and Brian O'KEEFE, along with Assistant District Attorneys Carol WHITE and Thomas MCADAMS went to Cedarburg, WI, the North Shore Clinic and Consultants located at W62N248 Washington Ave., where we interviewed therapist Pamela NICOT. Pamela NICOT relayed basically the same information she had related to Detective STUHMER on the previous interview conducted by Detective STUHMER. She stated that Barbara ANDERSON had been referred to her by a friend; however, the friend that told Barbara ANDERSON was not aware that Barbara ANDERSON had indeed consulted with her. She stated she only spoke one time with Barbara and that they had made arrangements for a second session but that Barbara cancelled it several weeks later citing babysitter difficulties and Barbara ANDERSON did not reschedule another appointment.

The contents of their discussion consisted mainly of Barbara discussing what she felt was a major focus of her problem as being her weight. She informed Ms. NICOT that her weight problem began after the birth of her child. She stated that she related several stories to her concerning Jesse's problem with the weight problem he perceived Barbara as having. She stated that Barbara had related to her on one occasion that Jesse had found a candy bar wrapper and asked Barbara whose candy bar wrapper it was and Barbara had told Jesse that it was only the kid's candy bar wrappers but that Jesse did not believe her and became upset with her. She then related another story to Ms. NICOT that she had been at a party at a friend's house with Jesse and that there was a piece of chocolate candy that she desired to eat; however, she did not think that she should eat it in front of Jesse and that she had a friend sneak the piece of candy out of the room that Jesse was in into another room that Barbara was in so that Barbara could eat it.

She stated that Barbara ANDERSON appeared to her to be a very private person. She stated that in her conversation with Barbara that she was very cautious in that Barbara had told her that Jesse had forbidden her to talk about him in her session with the counselor. Ms. NICOT stated that it was unusual but not uncommon that only one person would attend the therapy session without the other spouse present.

On Wednesday, July 29, 1992 at approximately 8:30 P.M., I received a telephone call from FORSEE, Richard-M/W, dob-4/11/53 of 2347 Briar Cliff Road, Alton, Illinois, phone #618-465-5947 and business phone #212-449-0980. I had called Richard FORSEE'S residence earlier in the evening and spoken with his wife who informed me that Richard was out of town on business in New York City and that she would relay my message and have Richard call me which he did and this supplement is the basis of the conversation between Richard FORSEE and myself. Richard FORSEE stated that he is indeed the stepbrother of Jesse ANDERSON; however, they do not have a close relationship nor do they have strain relationship. He stated that he has met Jesse ANDERSON probably five or six times at the most. He stated that he did meet Jesse's first wife but he doesn't believe he's even met his second wife, that being Barbara. He stated it was approximately 1976 when his father, that being Willard FORSEE married Jesse's mother. He stated at no time did he and Jesse live together and that he has not seen Jesse in recent years and about the only time he ever sees him has been at Thanksgiving and that's only been once or twice and this would be over the period of the last 15 to 17 years. He stated he is not aware of Jesse having a temper as he does not know Jesse that well to make that sort of judgment. He stated he is not aware of any physical violence that Jesse has perpetrated on any of his family members and felt that if Jesse had perpetrated any violence towards any of his family members that his father would have informed him of this.

Richard stated that he has a brother by the name of Robert FORSEE-M/W, dob-1/9/50 who lives in Washington, D.C. and he believes that his contact, that being Robert's with Jesse, is any less than what his contact has been. Robert has not spent much time with his father Willard FORSEE either.

NARRATIVE

During the course of investigation regarding this offense, P.O. Sue BECKER and I, Det. Joseph NOWICKI, proceeded to Clinton, Iowa.

There, we conducted an interview with one Debra EICKERT, W/F, 9-27-57, of 722 N. 4th St., Clinton, Iowa (319-242-7634). Mrs. EICKERT is the former wife of the suspect in this offense, Jesse ANDERSON.

During our conversation, Mrs. EICKERT indicated she is afflicted with the disease Lupus, which is a nervous disorder brought on by stress. She further indicated that this disease was diagnosed shortly after the birth of her son, John, whose natural father is Jesse ANDERSON.

Regarding the suspect, Mrs. EICKERT related that she had met Jesse ANDERSON in 1978, while he was working for "Happy Joe's," a pizza restaurant in Clinton, Iowa. She stated that while she was dating ANDERSON, she was told by her parents and her brother, "Bill," as well as others, that ANDERSON was deceitful and that she should be careful; however, she stated that she was "young, foolish and in love," and did not believe her friends and relatives.

Mrs. EICKERT went on to relate that while they were dating, shortly before they were married, in about Jan., 1979, ANDERSON told her that he had quit his job at "Happy Joe's" restaurant because the owner, Jim MC GRAW, was accusing him of the theft of some money, and he denied this theft to her. She states that while working for "Happy Joe's," ANDERSON lived with the owner, Jim MC GRAW, and when he quit his job because of the accusations, he also moved out of the MC GRAW home.

When they were married, Jesse ANDERSON had a glass-dome clock in the residence and Jessie told her that he had gotten this glass-dome clock from his natural father, who was then deceased. She states that later during their marriage, he admitted to her that he and a friend, Bobby FINN, had committed several burglaries. She stated that he implied that these offenses (the burglaries) had occurred when he and FINN were of high school age and while they lived in Alton, Illinois. She added that she had met Bobby FINN on one or two occasions.

Mrs. EICKERT went on to state that while they were married, Jesse ANDERSON had been taking lessons in self-defense tactics (she believed it was judo) and that at the time of their divorce, he was working towards his "green belt."

Mrs. EICKERT further advised that during her relationship with Jesse ANDERSON, she recalls he told her that he did not get along with his stepfather, Willard FORSEE, and that on one occasion, he had beaten Mr. FORSEE and Mr. FORSEE had to go to the hospital.

She stated that after they were married, ANDERSON would "check up" on her. She recalled one occasion when she had left a job and a party was held in her honor by her fellow employees. ANDERSON had called the place where the party was being held and she did not hear the page. He was told that she was not there. When she arrived home, ANDERSON threatened to leave her. He said he was going to move to Chicago without her. The next day when they awoke, he apologized and was acting very "sheepish."

She stated that he played "mind games" with her and was able to control her mind and actions. For instance, he would tell her on a Thursday evening, that they could visit her parents on the following Friday night if she would have the brakes repaired and tires changed on the car by that time. She states that he knew this was an impossibility due to the fact that they both worked the same hours. Another example she cited was that she was not allowed to buy anything, such as clothing. He would tell her that they could not afford it. She thought this was true because they had a large mortgage payment at the time, yet he always bought anything he wanted.

Mrs. EICKERT stated that she could never do anything right for him, such as clean the house properly, dress properly, and she was being accused of being overweight. She states now, that she allowed him to control her mind through his actions and the fear in her that he engendered; she added she would never allow anyone to do that now.

It should be noted that at the time of this interview, I made note that Debra EICKERT was of normal weight and height. I asked her if, at the time of her marriage to ANDERSON, she weighed more than she does now, and she replied in the negative, adding that in fact, she weighed less at that time.

Mrs. EICKERT states she knows Jesse ANDERSON had applied to be a federal agent since their divorce because she was interviewed by the FBI. In addition to telling the FBI the same things she was telling us, she also told the FBI interviewers that she did not think he would make a good federal agent because she felt he was emotionally unstable. She did not think he would interact well with others, such as fellow agents or citizens. She also feared that such a job would give him access to numerous files and that he would use his position to harass her family, using any information he could glean from such confidential files. She does not recall the name of the FBI interviewer, nor the exact date of the interview.

Mrs. EICKERT was asked if ANDERSON had ever become physically violent with her. She stated that he did not. Her attention was drawn to a time just prior or after their marriage, when we were allegedly told by her brother, William REES, that ANDERSON had become physically violent with her. She states that she recalls the incident about which her brother is making reference, but states that this incident took place prior to their marriage. She confirmed that there was some sort of argument but states that there was no

On Wed., 7-29-92, I, Squad 125, Det. Joseph NOWICKI, along with P.O. Susan BECKER, had occasion to interview James MCGRAW, W/M, DOB: 12-19-42 of 3 Heather Ln, Clinton, Iowa, (319-243-9073). Mr. MCGRAW is the owner and operator of the franchise, "Happy Joe's Pizza" restaurant located at 408 S. 1st St., Clinton, Iowa. Mr. MCGRAW stated that he has been in business for the past 17 years and had thought that he was a good judge of character but that Jesse ANDERSON did pull one over on him.

At one time he owned two "Happy Joe's" franchises, the one in Clinton that he bought first and then one in Galesburg, IL which he has since sold.

He stated that Jesse ANDERSON worked for him at the restaurant in Galesburg, IL as a cook for nine or ten months in 1977 or 1978. At the time, ANDERSON was attending Knox College in Galesburg, IL and was in premed school. During the summer of he thinks 1978, Jesse ANDERSON told him that he couldn't go back to school the next term because his mother was having a tough time and couldn't afford it.

Mr. MCGRAW stated that he then invited Jesse ANDERSON to work for him in Clinton, Iowa at his other restaurant and that he could then attend Clinton Jr. College, continue his studies, and live with him, his wife, and children. He would help him out. He stated that ANDERSON did move into his home, attended Clinton Jr. College, and Mr. MCGRAW employed him as a "swing manager" two to three days a week. He did not charge Jesse ANDERSON any room and board.

Jesse started to date Debra REES, another employee's sister, that being Bill REES. He found out that Jesse was taking her on expensive dates and did not know where he was getting the money from to pay for these dates. One of Jesse's duties as manager was to count out the cash register at the restaurant at closing time. He stated that Jesse ANDERSON always came up with a 0 over/under figure in the cash register at the time of check-out, that being that it indicated that there was no extra money, nor was there any shortage in the cash register when comparing them to the receipts. He stated that being in the food business, he realized, however, that this was very unusual. He stated that about the same time, he found out about the expensive dates with Debra REES. He also realized that his food costs showed a large increase, indicating to him that an internal

theft of money was taking place.

Mr. MCGRAW contacted Officer Bob JONES of the Clinton, Iowa Police Department who has since retired; however, still resides in Clinton, Iowa. He talked to Officer JONES as to how he could find out which of his employees were involved in the internal theft. At this time, he did suspect Jesse ANDERSON, but did not want to believe it. Mr. MCGRAW stated that he set up the till twice and that the third time, ANDERSON was in charge. He stated that he went to the restaurant and without any employees seeing him, he placed $65 from his (MCGRAW'S) pocket into the cash register. At the end of the night, Jesse ANDERSON, as part of his duties, counted out the register and showed that a 0 over/under amount of money, that being no extra cash and no shortage of any cash, was in the cash register. This was indicating to him that the receipts balanced and there was no extra cash in the cash register, nor was any missing.

Mr. MCGRAW stated that he confronted Jesse on this and that he knew that he should have about $65 over in the register because he, himself, had placed it there. Jesse ANDERSON denied being involved in a theft. Mr. MCGRAW asked Jesse ANDERSON as a condition of his employment, to meet with P.O. JONES of the Clinton, Iowa Police Department and to take a polygraph exam. Jesse again denied the theft, raising his hands above his head and saying, "I wouldn't steal from you." trying to show an innocent face. Jesse ANDERSON refused to take the polygraph exam and did except the termination.

Mr. MCGRAW indicated that Jesse immediately moved out of Mr. MCGRAW'S home and Mr. MCGRAW stated that he was extremely disappointed with Jesse ANDERSON. He stated that after Jesse moved out of his home, he found out that his (MCCRAY'S) shotgun was missing, as well as some of Mr. MCCRAW'S sporting goods equipment. He located Jesse ANDERSON, spoke to him about the items, and Jesse then went to the trunk of his automobile, and under a blanket in the trunk of the automobile was the shotgun. Jesse told him that he had accidentally taken it. Mr. MCCRAW stated that he never did recover the sporting goods equipment such as basketball, racquet, racquetballs, etc.

Mr. MCGRAW stated that he estimates from the two to three month period that he suspected an internal theft was occurring. He estimated that his loss was approximately $1,200 to $1,500. Mr. MCGRAW stated that after being terminated from his place of

employment, Mr. ANDERSON went to work for the Country Kitchen located in Clinton, Iowa. Mr. MCCRAW stated that he called the man who was then the manager at the Clinton, Iowa Country Kitchen and told this manager of this termination and the reason for the termination of Jesse ANDERSON from his place of business. He stated that this occurred before there was a law that indicated that he was not allowed to do this type of action. He stated that Jesse ANDERSON did contact a lawyer and that this lawyer did contact Mr. MCGRAW and told Mr. MCGRAW not to be calling Jesse ANDERSON'S employers and telling them the reasons for termination.

He described Jesse ANDERSON as a very smart, very intelligent individual. He had very few friends and none that he knew of being very close friends. He could make just about anybody believe him, especially women. He stated that he did note that Jesse ANDERSON does have a short temper, that he would bang his fists on tables, shout or throw objects, but he has never observed any physical abuse of any other person.

On Wed., 7-29-92, I, Det. Joseph NOWICKI, along with P.O. Susan BECKER, had occasion to interview William J. REES, W/M, DOB: 11-10-59 of 278 31st Ave. North, Clinton, Iowa (319-242-6032) at his home. Mr. REES is the former brother-in-law for Jesse ANDERSON. His sister, Debra EICKERT, is the exwife of Jesse ANDERSON. Mr. REES stated that he did not trust Jesse ANDERSON. He was a liar.

He stated that he met him while working at Happy Joe's Pizza Restaurant in Clinton, Iowa in 1978 or 1979. He stated that if one were to add up the number of years Mr. ANDERSON claimed he was in the military, time spent in school, and other experiences of life, he would have been forty years old then. Mr. REES stated that he did not trust Jesse ANDERSON and that he was a smooth talking thief.

He recalled an incident while at work at Happy Joe's Restaurant. The owner, Jim MCGRAW, discovered $500 missing from the cash register. All the employees checked the entire restaurant for the money with no avail. Mr. MCGRAW would not let anyone leave until they emptied their pockets to check for the money. Mr. REES stated that all of them did turn their pockets inside out with the exception of Jesse ANDERSON who lived with Mr. MCGRAW and was the manager at the time. At this time, no one had the money. Mr. MCGRAW then said that he was going to call the Clinton Police Department to investigate this theft and suddenly, from Jesse ANDERSON'S pocket, Jesse ANDERSON pulled $500 from his pocket and said, "I'm sorry, it was so busy I took it from the cash register so that in the event of a robbery, they wouldn't get all the money and I forgot I put it there." He stated that he does not believe that Jesse ANDERSON could have forgotten about the money in his pocket because they had searched the restaurant for quite some time and because of the situation and confrontation with all the employees emptying their pockets, he is certain that he would have known that he had put this money in his pocket.

Mr. REES stated that he recalls that just before or just after his sister, Debra, married Jesse ANDERSON, Jesse and his sister had an argument. He does not recall at this time if Jesse ANDERSON was physically abusive against his sister or not. He recalled that his sister had their parent's car and that it has broken down at Jesse ANDERSON'S home and that his parents somehow got involved by going to meet his sister, Debra. He stated that

On Wed., 7-29-92, I had occasion to reinterview Debra EICKERT, this time, at the home of her brother, William REES. She was there to pick up her son who her brother was baby-sitting for.

I confronted her with the information that her brother had given to me relative to an altercation that occuried just prior to or just after their marriage. At this time, Debra stated that she recalled the incident, stating that it did occur before she was married. He exhusband, Jesse ANDERSON, never physically abused her. The incident that her brother is speaking of was that she went to his home in her parent's auto and it broke down. She stated that she does not remember why, only that she called for her parents to help her with the automobile.

She stated that there was a verbal argument, but does not recall details of this argument and that in many cases in which she had confrontations with Jesse ANDERSON, she had blocked these items out of her mind and simply can not recall a lot of situations that did occur.

On Friday, 7-31-92, at 3:40PM, Squad 125, Detective Paul STUHMER and Detective Joseph NOWICKI travelled to the Ozaukee Humane Society, located at 2073 County Trunk W, located within the City of Grafton. At that time we met the co-manager of this organization, Stephanie ASTRIN, who turned over to us a Ozaukee Humane Society form, pertaining to the surrendering of an English Setter dog by Jesse ANDERSON on 3-30-92.

This form was eventually conveyed to the Property Control Section where it was placed on Inv. #1384713 as evidence.

The form indicates Jesse ANDERSON surrendered a one year old male English Setter, white in color with black spots. The surrendered animal, named Shane, was received by "R.L." which would be employee Ruth LYONS. The reason for surrendering the animal was that it was "too wild for children." The animal was euthanized on 4-14-92 with a notation that the reason for this action was the animal's "temperament".

On Thursday, 7-30-92, at 9:05AM, Squad 125, Detective Paul STUHMER conducted follow-up investigation relative to this offense at the office of Attorney Tom WOLFGRAM, located at W63 N647 Washington Ave., Cedarburg. Information had been received that Attorney WOLFGRAM lived two doors away from the ANDERSONS at their previous Cedarburg address. Further, that he had done legal work for the ANDERSONS, in the past.

During my conversation with Tom WOLFGRAM, he informed me that he did do some legal work for the ANDERSONS, to include the defense of Barbara ANDERSON on a traffic citation and house closings on past and present homes. He described his relationship with the ANDERSONS as "acquaintances". He described going to the ANDERSON'S old residence in Cedarburg, only once, to attend a Halloween party. He indicated that he had not been to their new home.

Tom WOLFGRAM related that some of the legal cases, which he is working on for the ANDERSONS, are pending and he would have no discussions regarding these cases with me.

Tom WOLFGRAM was asked if either ANDERSON had approached him for the purposes of a divorce or related matters, to include division of property or children's placement. He indicated that there were no such discussions. He could cite nothing unusual in the ANDERSONS relationship.

Mr. WOLFGRAM indicated that he was in this community at the time the attack occurred. He was shocked to hear of Jesse ANDERSON'S arrest while he, Tom WOLFGRAM, was vacationing in Aruba.

On Thursday, 7-30-92, at 11:AM, Squad 125, Detective Paul STUHMER conducted follow-up investigation relative to this offense, at 759 Nantucket Court, located within the City of Grafton. At this location I met the resident, Patricia M. DALTON, W/F, 5-7-57, #375-4574. This subject informed me that she had considered Barbara ANDERSON her best friend.

Patricia DALTON related that she met Barbara ANDERSON about 4½ years ago through a local Woman's Club. She informed me their friendship developed through similar interests, having daughters near the same age and their children's attendance at the same school. Patricia and Barbara would have phone conversations about five times a week.

Patricia DALTON informed me that during the last six months of Barbara ANDERSON'S life, the victim complained that her husband, Jesse ANDERSON, could not take her weight. Barbara ANDERSON related that her husband was not pleased with the way she was looking. She told Patricia DALTON that Jesse wanted everyone "real physical" and he thought Barbara was too "fat". Barbara ANDERSON was teary eyed on occasion when she related this information to this witness. Patricia related this was unusual because Barbara ANDERSON was a real strong girl. Patricia further noted, during the last couple of months, that Barbara ANDERSON was becoming a fit of a "nervous Nellie". The victim appeared to becoming nervous and developed a rash on her neck, face and hands. She further noted that the victim complained she was not feeling well, although Barbara ANDERSON had told this witness she was getting enough sleep. Barbara ANDERSON was trying to lose weight because of her husband's complaints.

When Patricia DALTON last spoke to Barbara ANDERSON, during a morning phone conversation on the date of this offense (4-21-92), the victim complained again that she was not feeling well. The victim related that she did not want to go out on that date and she wanted to remain home because she was not feeling well. Patricia DALTON recommended a doctor's services to Barbara ANDERSON and indicated that the doctor was at Cedar Mills

Clinic. Barbara ANDERSON indicated that she would call this doctor and make an appointment to see the doctor on that date.

Patricia DALTON brought to my attention, activities from 4-11-92, when an Italian night party was held at the DALTON residence. People attending this party were mutual friends of Patricia DALTON and Barbara ANDERSON, which included women who formed a casual group known as the "Daiquiri Club". Barbara ANDERSON was co-hosting the party with Patricia DALTON. Barbara ANDERSON arrived at the party alone and explained that Jesse was out canoeing with Mike SCHRAMKA. Patricia informed me that this was very unusual, due to the fact that Barbara ANDERSON was co-hosting the party and it meant a lot to her to have her husband present. After Barbara's arrival, her husband telephoned and asked Patricia DALTON for directions to the residence. He arrived at the party about one hour after Barbara's arrival.

During my interview with Patricia DALTON, she described three incidents which occurred at this Italian night party, on 4-11-92.

During the first incident, she informed me that people attending the party were bringing desserts from the dining room and were taking them into the family room where they would eat these various cakes and pies. Barbara ANDERSON had asked Patricia DALTON to remain with her in the dining room so she, victim, could eat her dessert without Jesse seeing her. Barbara ANDERSON told her that Jesse would be angry with her eating desserts. While in the dining room, Barbara would quickly push her plate, containing her cake away, whenever someone would enter the room. When Barbara saw it was not Jesse, she would reach back for her plate and continue eating. Barbara told Patricia she was doing this so Jesse would not see her eating.

In describing the second incident which occurred at this party, Patricia DALTON explained that while people attending the party were seated in the family room, Barbara ANDERSON was afraid to take chocolate mints from a serving plate located on a table within

this same room. Jesse ANDERSON was also present in the family room. Barbara asked Patricia to retrieve some of these mints for her because she did not want Jesse to see her taking them. Patricia took three of these chocolate mints from the plate and gave them to Barbara in another room, out of Jesse's presence. Barbara then took these candies into the pantry adjacent to the kitchen and then entered a walk-in closet located within this pantry where she ate these candies. The victim told Patricia she had done this, because she was afraid Jesse would see her eating the candy.

The third incident which occurred at the Italian Night party was described by Patricia DALTON in the following manner. She related that she and Barbara were washing dishes in the kitchen when Barbara asked her to take some spice gum drops from the candy jar, located in the kitchen and place these candies on the counter near where Barbara was doing dishes. The candy jar was within the view of Jesse ANDERSON, who was present with others in the family room at that time. Patricia DALTON did remove some of the candies and placed them on a counter where Barbara was then able to eat these gum drops without Jesse's detection by shielding Jesse's view of the candies with the back of her body. She told Patricia that Jesse would kill her if he knew she was eating sweets.

The victim, Barbara ANDERSON, described events that occurred during the ANDERSONS Jamaica trip which occurred from Wednesday, 3-18-92 to Saturday, 3-21-92. It should be noted that the ANDERSONS returned from Chicago on Sunday, 3-22-92, because they were snowed in.

Patricia DALTON had met Barbara ANDERSON the day after they returned from the Jamaica trip. This meeting took place at the St. Francis Borja School Parking lot, where both women were waiting for their children to be dismissed from classes. Patricia asked Barbara how the Jamaica trip was and Barbara responded "It was the worse vacation she was ever on." Barbara was "very upset" and described two incidents which occurred during the trip. Barbara complained that Jesse would take Barbara into primitive areas where natives were present. Barbara also related that Jesse urged her to climb a high waterfall, even

REPORTING OFFICER	PAYROLL #	LOC CODE	SUPERVISOR SIGNATURE

after she had complained to him that she was slipping because she was wearing sandals. Jesse continued to urge her to climb higher and called her a "wimp" for not doing so. Barbara told Patricia that she feared for her life while on this vacation. Barbara told Patricia that she would never go on another vacation alone, with Jesse ANDERSON, again. Barbara related that she would not go on another vacation with Jesse, without her children being present. Patricia emphasized how serious and upset Barbara ANDERSON was, while relating the Jamaica trip events.

Patricia also related that a recent conflict within the ANDERSON residence was relative to their dog, "SHANE". The dog was brown and white in color and grew to be huge. The dog would knock the children over and frequently runaway, causing the victim to gather her children together to go out looking for the animal. Barbara complained to Patricia that it was either the dog or her who had to go.

Patricia related that the morning after the attack on Barbara ANDERSON, she and a friend, Mimi FAYE, travelled to the hospital to visit Jesse. They wanted to let him know that his children were okay and were being taken care of. Patricia related that Jesse would not make eye contact with her at that time. He spoke of seeking long term care for the children, as if Barbara was not going to survive. He also spoke of upcoming sporting events.

Patricia also spoke of a conflict between Barbara ANDERSON and their mutual friends, Bob and Jan FISCHER. Patricia related an incident which occurred during one of the "girls night out" occasions, in which the "Daiquiri Club Women" met at one of their homes. Bob FISCHER came to the women's gathering and tried to sell them "nu skin" cosmetic products. Barbara ANDERSON became very upset over this and walked out on the group. Barbara complained to Patricia the next day that Bob FISCHER'S actions, by entering a social group to sell something, was "inappropriate". It was related that Barbara ANDERSON did not get along with the FISCHERS as well, after that incident.

Patricia described Jesse ANDERSON as "never having a real organized lifestyle with no regular work hours". He would frequently stop at the ANDERSON residence, unannounced during the day. Patricia described Jesse ANDERSON as being extremely competitive and physicall fit, noting that he was a "kickboxer". On more than one occasion Patricia DALTON would telephone the ANDERSON residence looking for Barbara and Jesse would answer the phone. Patricia would ask for Barbara and Jesse would state that she was not there. Patricia would ask where Barbara was and Jesse would state he did not know. Patricia would then ask if she could leave a message and he would reply "no." Patricia could then hear Barbara in the background, telling Jesse to "cut it out" and she would then take the phone. It was clear that Barbara ANDERSON was annoyed by her husband's actions.

Patricia also related an incident which occurred on the date of Barbara ANDERSON'S funeral, at the funeral home. Patricia DALTON was kneeling before Barbara ANDERSON'S open coffin when she heard a female behind her state "Jesse, why did you do this." Patricia immediately turned around and noticed the only female behind her was a woman who had previously identified herself to Patricia as Jesse ANDERSON'S sister, Debbie.

Immediately after hearing this statement, Patricia DALTON turned around to see this subject, known as Debbie, who was standing with a tissue in hand and looking at the deceased, lying in the coffin. Patricia was positive it was a female's voice she heard
